About Me

I am a passionate MERN Stack Developer and BS Computer Science student at Virtual University of Pakistan. I am currently enrolled in the Governor Sindh's IT Initiative and have completed my MERN Stack course at SMIT. I enjoy building responsive and user-friendly web applications and continuously improving my development skills.

Experience

MERN Stack Web Development Internship At Saylani Mass IT Training *Nov 2025 - Jan 2026*

- Worked on real-world MERN Stack projects and contributed to Saylani-owned products under the supervision of skilled mentors.
- Developed and enhanced modern web applications with a strong focus on clean code, performance optimization, and responsive UI/UX.
- Collaborated efficiently with the team to deliver high-quality features within set deadlines.
- Participated in intensive training sessions led by industry professionals, gaining practical exposure to software development workflows and industry-standard practices.
